

This is to certify that
SSLP Group Ltd

Suite 5, 116 Ballards Lane, London, N3 2DN, United Kingdom

Has been assessed
by Paul McLaughlin for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing production infrastructure for SSLP Group Ltd. Including firewalls, routers and servers located at Maidstone and cloud environments.

Certification date: April 19th, 2018

Recommended re-assessment date: **April 18th, 2019**

Certificate no.: 7649844397829379

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
