

Reward your employees with **mypayrewards**

An easy and cost-effective way to thank your employees for their hard work and loyalty is with **mypayrewards**, from SSLPost.

mypayrewards provides a fantastic, low-cost solution to reward your employees with a practical and tangible return that helps their budget go further.

Employees can choose from a wide range of outlets and **pay less than the face value of the e-voucher or gift card**. Couple this with an online discount code from one of the popular voucher code websites (topcashback.co.uk, vouchercodes.co.uk, discountvouchers.co.uk etc.) and it is a win/win!

Offering employee benefits to your staff, demonstrates that you care about their finances, health, welfare and wellbeing.

Employee benefits are a major part of the decision-making process for potential employees and statistics show that 79% of employees would prefer new or additional benefits to a pay increase (source: Glassdoor Employment Confidence Survey).

A good employee benefits package like **mypayrewards**:

- ✓ **Encourages talent** – the deciding factor between one job over another is an excellent employee benefits package that they and their families can benefit from.
- ✓ **Promotes loyalty** – employees are more likely to stay with their employer because of their benefits package.
- ✓ **Reduces staff attrition** – If another employer offers the same or a higher salary but doesn't include the same or better benefits package, employees may perceive themselves to be more out of pocket each month, by switching employers.
- ✓ **Stretches salary** – if you can save your employees money on their purchases; weekly or periodically, you are perceived as an in-touch, caring and conscientious employer.

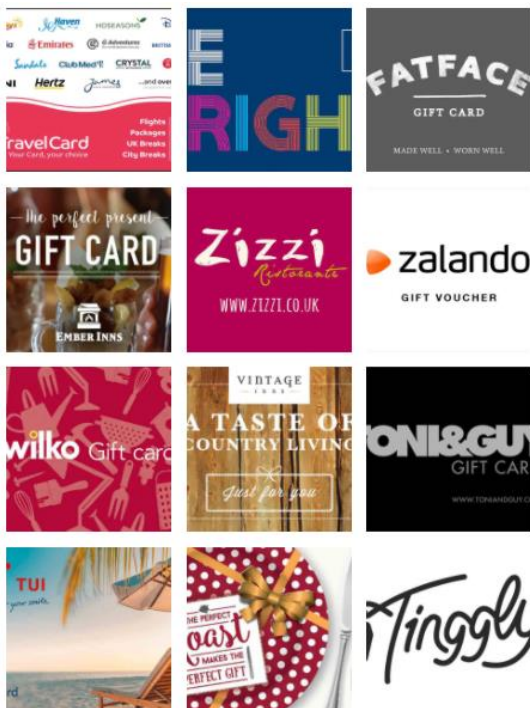

Get more, for less!

mypayrewards includes discounted shopping from a wide range of High Street shops, eateries, online stores and supermarkets. Whether you are doing the routine weekly grocery shop, buying clothes or your morning coffee, the discounts offered by **mypayrewards** means you pay **less than face value for your e-voucher or gift card**.

If you choose a gift card, you can reload the card as often as you want to receive ongoing discounts from your favourite stores.

What stores can I use?
